RE: Monthly Police Activity Report – February 2023

The Town of McCandless Police Department responded to 920 calls in the month of February.

The Chief and several other officers continued to attend their yearly mandatory update trainings.

Our body worn cameras are currently being installed and each officer is in the process of learning how they work via virtual training. The department will begin using them in the very near future.

FEMA courses involving the Incident Command System are also being taken virtually.

The officers assigned to the North Hills Special Response Team attended their monthly trainings. Another officer attended training titled Patrol Response to Critical Incidents which showed what to accomplish at scenes prior to the arrival of the Special Response Team.

On February 23, Bigs in Blue invited Northern Regional Police K9 Officer Stevenson and his K9 partner Theo to a meet and greet with the students. They conducted a demonstration on the dog's explosive tracking abilities. The children thoroughly enjoyed meeting K9 Theo.
